## Process Control

### Engineering

- Control Valve Sizing
- Valve Assembly Drawings
- Trip Valve Stroke Testing
- SIL Calculations
- SIL Documentation
- ISA Valve Data Sheet
- Actuator Selection
- Positioner Selection
- Limit Switch Selection
- Solenoid Selection
- DCS / AMS Integration

### Applications

- Manual
- Automatic On/Off
- Modulating Control
- Cryogenic
- ESD / SSD
- Exotic Materials
- Double Block & Bleed
- Severe Service Process
  - High Temperature / Pressure
  - Erosive / Corrosive
  - Noise / Cavitation

### Capabilities

- Custom Actuation
- Special Testing / Documentation
- Factory Repairs
- Failure Analysis
- Product & Application Training
- Assemble to Customer Specification
- Process Consultation and Validation
- Installed Equipment Audits
