

At Valin Corporation, we believe that customer satisfaction and teamwork are the foundation of our continued success. We will continue to uphold our reputation for quality products, values, service, and engineering expertise, while pursuing, with aggressive determination, the opportunity to be the Solution for all your process control & automation needs.

Filtration

Filters

Activated Carbon Filters
 Aviation Filters
 Carbon Block Filters
 Chemical filters
 Depth filters
 Filter bags
 Fuel gas filters
 High Purity Gas filters
 In-line filters
 Lube Oil Filters
 Pleated filters
 Pleated membrane filters
 String Wound
 Water filters
 Coalescer filters for liquids, gas and compressed air

Filtration Systems

Aviation fuel filtration systems
 Custom designed filtration systems
 Diesel fuel filtration systems
 FRL (filter, regulator, lubricator) systems
 Load tap filtration systems
 Lube oil filtration systems
 Portable filter carts
 Refrigerated and desiccant air dryers

Housing

Bag filter housings
 Cartridge filter housings
 High flow liquid filter housings
 Liquid / liquid coalescer filter housings

Services

Audits
 Filter Evaluation
 Filtration consulting
 On-site training and support

Industries

Decontamination
 Electrical
 Food Products
 Gas Streams
 Mills & Factories
 Oil & Gas
 Pharmaceutical
 Process Control
 Refineries
 Transportation
 Turbine-Compressor
 Water Treatment

Processes

Acids, Ink, Paint
 Amine Sweet
 Catalytic Rformation
 Claus Sulphur
 CMP
 Crude Desalt
 Flare System
 Fluids, Oil, Solvent
 Fuel Gas-Heater
 Gas & Oils
 High Purity
 Hydrocracking
 Hydrotreating
 PES Membrane
 Plating Lithography
 PTFE Membrane
 Sterile Venting
 Water Recovery
 Wet Etch-Clean
